Ballet/Jazz Combo

This class is a combination of ballet and jazz exploration at an introductory level. Emphasis is placed on coordination, rhythms, and the development of confidence. Students also learn basic ballet and jazz positions, steps, and vocabulary. It is an excellent class for the dancer who enjoys a mixture of dance genres.

Creative Dance

A fun and active class where children explore movement, music, rhythm, and dance. Emphasis is placed on developing coordination, muscle strength, flexibility, balance, and body control. Students will be introduced to games, rhythm exercises, and movements set to all kinds of music, including classical. A wonderful class for both boys and girls in which their kinesthetic intelligence will expand by leaps and bounds!
